

Preschool – 3 Year Old Curriculum Guide

The Pre-3 Program at BCA provides children the opportunity to develop social skills and independence. Because young children learn best through active exploration, learning centers make up the biggest portion of our daily schedule. The centers allow children to play, talk, move around, and engage in meaningful activities. Centers include math manipulative, dramatic play, discovery, library, block/building, and arts and crafts.

**The Pre-3 Program is offered three days per week:
